

## Enabling Breakout Room Settings

- Log into your Zoom account and go to Settings on the left side of the page
- Be sure the Settings are configured to your needs
  - In order to use **Breakout Rooms** you will need to enable them in Settings
    - Click Settings at the left side of the window
    - Just to the right of the Settings button, click In Meeting (Advanced)

- The second item in the list is Breakout Room
